The store for StoryPhones®

BookShelf is the online store for StoryPhones and The Little Listener. We have chosen the very best stories, music and games to be available as MP3 downloads from a wide range of publishers and content providers. The store is available through the software which is provided with The Little Listener.

The **Little Listener** is the handheld MP3 player from StoryPhones. It provides a simple and child friendly way to develop speaking and listening skills. Children of any age can listen out loud and record anywhere, including outdoors. You can also build up and manage a library of stories, music, songs, games and your own recordings in the StoryPhones BookShelf software provided.

## When you order your Little Listener you will receive:

- A loud-speaking MP3 player with built in microphone for recording and rechargeable battery
- A full site license for your establishment for the StoryPhones software
- A two year warranty
- Customer support by phone and online
- Exclusive access to BookShelf, the educational download store from StoryPhones with a site license for all purchased downloads

**All for £99.00 including VAT!**

## Adults can:

- Set up the Little Listener to be switch activated for children with additional needs.
- Record activities for your children to match their interests and learning needs.
- Grow and organise your library of audio resources for your children to share in the Bookshelf software.
- Store the recordings of your children to track and monitor their progress and maybe even share them with their parents.

## Children can:

- Listen without tangled wires
- Listen anywhere, indoors or outside
- Record their stories, thoughts & ideas
- Listen to stories, songs & games using the easy to use controls
