

Video 2: The StoryPhones BookShelf Software

Installation

- Before plugging your StoryPhones into the computer you must install the software.
- To install the software, put the CD into your computer's CD drive. You may need to double click on the CD drive in "My Computer" to run the install program.
- Follow the instructions on the screen to install the software. You may be asked to install something called 'dot-net' or 'some libraries'. If so, just say yes by clicking the 'Ok' button and follow the instructions.
- When the installation is complete you will have a StoryPhones BookShelf icon on your desktop. Double-click on this to run the software.
- ***The software can be installed on as many computers or laptops as you wish at the school or nursery which has purchased the system.***
